1. DEFINITIONS

As used in the Subcontract, the term:

- a. "Buyer" means the Board of Trustees of the Leland Stanford Jr. University ("University"), or any duly authorized representative thereof, acting through SLAC National Accelerator Laboratory ("SLAC"), under its Management and Operating Contract with the United States Department of Energy ("DOE").
- b. "Commercial product" or "commercial service" has the meanings set forth in FAR 2.101, as updated from time to time.
- c. "Government" means the government of the United States of America.
- d. "Micro-Purchase Threshold" shall mean the threshold defined in FAR 2.101, as updated from time to time.
- e. "Procurement Specialist" means Buyer's designated contracting officer with the authority to bind Buyer. Unless otherwise provided in writing herein, no other Buyer personnel or agents possess such authority. Procurement Specialist may also be referred to as "Subcontract Administrator" in the Subcontract.
- f. "Seller" means the firm (individual person and/or entity) supplying the materials, supplies or services under the Subcontract. Seller may also be referred to as supplier, Subcontractor or vendor.
- g. "Seller Representative" means Seller's primary point of contact for Buyer, designated by Seller as responsible for leading and organizing the services to be provided herein.
- h. "Simplified Acquisition Threshold" shall mean the threshold defined in FAR 2.101, as updated from time to time.
- i. "Technical Representative(s) or Service Manager(s)," if one or more is designated in this Subcontract, shall mean Buyer's agent(s) for all technical inquiries and oversight. The Technical Representative or Service Manager has the authority to provide clarifying instruction or grant approvals in the manner defined in the Subcontract, but not to modify or amend any term of this Subcontract, nor to commit Buyer funds.

2. SCOPE; ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

- a. The scope of the Subcontract shall be limited to the acquisition of commercial products or services, on a fixed-price basis.
- b. The Subcontract may consist of any or all of the following documents: (1) signed Subcontract or Purchase Order, including any special

terms and conditions attached thereto; (2) these terms and conditions and any on-site supplemental terms and conditions (for services provided at Buyer's site); (3) Statement of Work; (4) any other Buyer referenced and incorporated clauses, provisions, and documents; (5) Buyer-furnished Government Property; and (6) Seller's written and accepted proposal. These documents comprise the entire agreement between the parties and supersede all prior proposals, representations, negotiations, or agreements, whether written or oral.

- c. Any conflicts and/or inconsistencies in the documents identified above comprising this Subcontract shall be resolved by giving precedence in the order they are listed above, with the first numbered item(s) having the highest precedence, and each following item(s) having successively lower precedence.
- d. Except as otherwise provided in this Subcontract, the term "Sub-Subcontract" includes lower-tier subcontracts and purchase orders under this Subcontract, and the terms "subcontractor" or "sub-subcontractor" shall mean Seller's subcontractor.

3. SELLER ACCEPTANCE OF SUBCONTRACT

- a. Seller's acknowledgement, commencement of performance, or acceptance of payment, whichever occurs first, shall constitute Seller's unqualified acceptance of the Subcontract.
- b. Seller, by accepting the Subcontract, does hereby agree that (i) this Subcontract sets forth the entire agreement between the Buyer and the Seller and supersedes any prior offers, negotiations, and agreements concerning the subject matter of this Subcontract, and (ii) no form, document, or additional or differing terms supplied by the Seller shall constitute a part of the Subcontract or have any effect, regardless of where they are included, unless specifically and expressly accepted in writing by the Procurement Specialist.

4. SERVICES

- a. The Seller shall be responsible for the professional quality, technical accuracy and the coordination of all data, reports, documentation, and other services furnished by the Seller under this Subcontract, as applicable. The Seller shall, without additional compensation, correct or revise any errors or deficiencies in its data, reports, documentation, and services.
- b. The Seller shall manage its own services, consult regularly with the Buyer, communicate with members of the project team, and regularly report progress to the Buyer. In addition, as may be necessary, the Seller shall coordinate with Buyer's Technical Representative or Service Manager, research and develop applicable design or other technical criteria and documentation and attend project meetings. The Seller will make available the services of certain of its employees, as contractually required, for the purpose of personally rendering expert advice and assistance to the Buyer in connection with the performance of services under this Subcontract.
- c. The extent and character of the services to be provided by Seller shall be subject to the general oversight, supervision, direction, control, and approval of Buyer. Neither the Buyer's reviews, approval or acceptance of, nor payment for, the services under this Subcontract shall be construed to operate as a waiver of any rights under this Subcontract, or of any cause of action arising out of the performance of this Subcontract, and the Seller shall be and remain liable to the Buyer, in accordance with applicable law, for all damages to the Buyer caused by the Seller's negligence or misconduct.

5. KEY PERSONNEL

- a. Seller Representative shall: (A) devote a reasonable amount of time to the services to be provided herein; (B) be closely involved and continuously responsible for the conduct of the services; (C) not be replaced unless pre-approved in writing by Buyer; and (D) promptly advise Buyer if she/he will devote substantially less effort to the services hereunder than anticipated or otherwise set forth in the Subcontract.
- b. Any of Seller's key technical personnel identified in the Subcontract and assigned to perform the services hereunder shall not be assigned to other work that will interfere with the services they are to provide under this Subcontract, without prior, written approval from Buyer, except in circumstances beyond the reasonable control of Seller. If such circumstances arise, Seller shall inform the Procurement Specialist of such reassignments within five (5) business days of the occurrence of such circumstance(s). A replacement individual shall be assigned by the Seller, subject to prior approval by the Procurement Specialist, within ten (10) business days. If an acceptable individual is not identified, Buyer may terminate this Subcontract immediately.

6. TITLE AND RESPONSIBILITY

- a. Title to the material and supplies purchased hereunder shall pass to the Government at the point of delivery to the Buyer; and, if purchased F.O.B. Shipping Point, delivery to the carrier by the Seller shall be deemed delivery to the Buyer. No insurance charges will be allowed unless specifically authorized in the Subcontract.
- b. Except as otherwise provided in the Subcontract (i) the Seller shall be responsible for the supplies covered by the Subcontract until they are delivered at the designated delivery point, regardless of the point of inspection; (ii) the Seller shall bear all risks as to rejected supplies after notice of rejection, except that the Buyer shall be responsible for the loss, or destruction of, or damage to, the supplies, if loss, destruction or damage results from the gross negligence of officers, agents, or employees of the Buyer acting within the scope of their employment.
- c. The actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the Seller.

7. INSTRUCTIONS FOR PACKAGING

Packing and packaging shall be adequate to prevent damage when shipped by common carrier or another method utilized. Seller shall be solely responsible for any damage resulting from improper packaging, containerizing, or lack thereof. The Seller shall indicate the Subcontract and/or Purchase Order number on each container or package. An itemized packing list shall be affixed to the outermost cover of each container or package. The use of environmentally sustainable packaging materials is required.

8. APPROVAL OF TECHNICAL DATA

- a. If this Subcontract requires the Seller to furnish any drawings, specifications, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance or test data, or other technical data for approval by the Buyer prior to Seller performance, the approval of the data by the Buyer shall not relieve the Seller from responsibility for any errors or omissions in such data or from responsibility for complying with the requirements of this Subcontract, except as specified below. Any work done prior to such approval shall be at the Seller's risk.
- b. If the data includes any variations from the Subcontract requirements, the Seller shall describe such variations in writing at the time of submission of the data. If the Buyer approves any such variation(s), a change order to the Subcontract shall be issued by the Buyer and, if appropriate, a bilateral modification to the Subcontract shall be negotiated.

9. TRAVEL

Only when travel is included as part of the performance under the Subcontract and is set forth as a specific cost/price element in the Subcontract, the following requirements shall apply:

- a. Expenses incurred for travel, lodging, meals, and incidental expenses shall be reimbursed only to the extent that they comply with Buyer's travel reimbursement guidelines. The Seller shall submit with its invoice itemized receipts showing proof of payment for expenses in excess of \$75. If travel is not reimbursed on a cost-basis, then the requirements of this paragraph do not apply.
- b. To the extent any foreign travel (outside the U.S.) is required under this Subcontract, it shall be conducted pursuant to the requirements contained in DOE Order 551.1, "Official Foreign Travel" or any subsequent version of the Order in effect at the time of award. All foreign travel requests must be entered into the DOE Foreign Travel Management System (FTMS) within 60 calendar days before the proposed departure date. Travelers must contact the Procurement Specialist for the necessary foreign travel forms and processes well in advance of the FTMS deadline. All foreign travel request forms are to be submitted to the Travel Office for entry into FTMS.
- c. No such foreign travel shall be taken until a DOE FTMS Foreign Travel Approval Number has been obtained from the SLAC Travel Office and transmitted to the Seller. Reimbursement for foreign travel incurred without a FTMS Approval Number will not be allowed. More information can be found at the SLAC Travel Office's website, at <https://travel.slac.stanford.edu/>.

10. INVOICES AND PAYMENTS

- a. Except as otherwise provided in the Subcontract, no later than 30 days upon Buyer's acceptance and receipt of invoices satisfactory to Buyer, whichever occurs later, the Seller shall be paid the amounts agreed, less deductions and discounts if any. Payments shall be made by check or automated clearing house (ACH) as agreed.
- b. Unless otherwise specified, partial payments will not be made. This, however, does not preclude payments for partial shipments of completed deliverables (as distinguished from components).
- c. At minimum, all invoices shall contain the information required by Buyer, available at <https://suppliers.slac.stanford.edu/doing-business-slac/invoicing-and-reimbursement>, incorporated herein by reference. All invoices shall reference applicable Purchase Orders by Buyer Purchase Order number, and the applicable line item numbers or other item number specified on the Purchase Order or Subcontract.
- d. For Sellers providing services in California and if Seller is not a California resident or entity, or does not have an office in California, the invoice must specify the number of hours and amount being invoiced for services performed in California.
- e. All invoices shall be submitted to ap@slac.stanford.edu or to the following address:

SLAC National Accelerator Laboratory
c/o Accounts Payable, MS 09 OR c/o Accounts Payable DISCOUNT DESK, MS 09 (for invoices with discount terms)
2575 Sand Hill Road
Menlo Park, California 94025

11. EXTRAS

Except as otherwise provided in the Subcontract no payment for extras shall be made unless such extras and the price therefore have been authorized in writing by the Procurement Specialist.

12. TAX AND BUYER EXEMPTION

- a. Except as may be otherwise provided in the Subcontract, the selling price includes all applicable federal taxes in effect on the date of this

Subcontract but does not include any state or local sales, use, or other tax directly applicable to the completed supplies or services covered by the Subcontract nor any other tax, duties, tariffs, and similar fees from which the Seller or this transaction is exempt. Upon request of the Seller, the Buyer shall furnish, unless no legal basis exists therefore, a tax exemption certificate or similar evidence of exemption with respect to any such tax not included in the Seller's price pursuant to this Article.

- b. For Sellers providing services, the Buyer will automatically withhold from any invoice paid appropriate taxes, if required by the U.S. Internal Revenue Service and the California Franchise Tax Board.
- c. The Seller agrees to notify Buyer of any government tax, fee, or charge levied or purported to be levied on or collected from the Subcontractor in connection with this Subcontract which Seller has reason to believe may be inapplicable or invalid, and which would be reimbursable or the Buyer has claimed an exemption hereunder. The Subcontractor also agrees to refrain from paying any such tax, fee, or charge, unless otherwise authorized by the Buyer, and to take such steps as may be required by the Buyer to cause such tax, fee, or charge to be paid under protest and, if so directed by the Buyer, to cause to be assigned to the Buyer or its designee any and all rights to the abatement or refund of any such tax, fee, or charge, and to permit the Buyer or its designee to join with the Seller in any proceedings for the recovery thereof or to sue for recovery in the Seller's name.

13. INSPECTION AND ACCEPTANCE OF COMMERCIAL PRODUCTS OR COMMERCIAL SERVICES

- a. All supplies (which term throughout this article includes without limitation raw material, components, intermediate assemblies, and end products) shall be subject to inspection, test and expediting by the Buyer and/or the Government to the extent practicable at all times and places including the period of manufacture, and in any event prior to acceptance.
- b. In case any supplies or lots of supplies are defective in material or workmanship or are otherwise not in conformity with the requirements of this Subcontract, the Buyer shall have the right either to reject them (with or without instruction as to their disposition) or to require their correction. Supplies or lots of supplies which have been rejected or required to be corrected shall be removed, or, if permitted or required by the Buyer, corrected in place, by and at the expense of the Seller promptly after notice, and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed. If the Seller fails to promptly remove such supplies or lots of supplies which are required to be removed, or to promptly replace or correct such supplies or lots of supplies, the Buyer either (i) may by order or otherwise replace or correct such supplies and charge to the Seller the cost occasioned the Buyer thereby, or (ii) may terminate this order for default in accordance with the applicable FAR clause(s). Unless the Seller corrects or replaces such supplies within the delivery schedule, the Buyer may require the delivery of such supplies at a reduction in price which is equitable under the circumstances.
- c. If any inspection or test is made by the Buyer and/or the Government on the premises of the Seller or a subcontractor, the Seller without additional charge shall provide all reasonable facilities and assistance for the safety and convenience of the Buyer and Government inspectors in the performance of their duties. If Buyer and/or Government inspection or test is made at a point other than the premises of the Seller or a subcontractor, it shall be at the expense of the Buyer except as otherwise provided in this order; Provided that, in case of rejection the Buyer shall not be liable for any reduction in value of samples used in connection with such inspection or test. All inspections and tests by the Buyer and/or Government shall be performed in such a manner as not to unduly delay the work. The Buyer reserves the right to charge to the Seller any additional cost of Buyer and/or Government inspection and test when supplies are not ready at the time such inspection and test are requested by the Seller or when re-inspection or re-test is necessitated by prior rejection.
- d. Notice of rejection shall be provided within forty-five (45) days of the receipt of the items or completion of services. If no such notice of rejection is provided within the aforementioned time, or if the Procurement Specialist formally accepts the item or services in writing, such item or services shall be deemed accepted, provided, however, this period may be extended to thirty (30) days after the date of discovery of a material defect (if such date is later) if (1) the Buyer could not have reasonably discovered such a material defect from a reasonable inspection; or (2) the defect is of the type specified in the Article, "Quality of Items and Counterfeit Parts," below.
- e. The Seller shall provide and maintain an inspection system acceptable to the Government covering the supplies hereunder. Records of all inspection work by the Seller shall be kept complete and available to the Government during the performance of this order and for such longer period as may be specified elsewhere in this order.

14. QUALITY OF ITEMS AND COUNTERFEIT PARTS

All item(s), including any materials and supplies furnished by the Seller in performance of any services, shall as a minimum: (1) be new and genuine, or reconditioned and so identified and warranted as new, genuine and not of such age or so deteriorated as to impair their usefulness or safety; and (2) not contain any counterfeit or suspect materials, parts, or components. The furnishing of reconditioned items must be specified and mutually agreed in the Subcontract or pre-approved in writing by the Buyer's Procurement Specialist. Types of materials, parts, and components known to have been counterfeit or suspect include, but are not limited to: electrical components, piping, fittings, flanges, and fasteners. Any acceptance of items or materials delivered to Buyer not meeting these minimum requirements shall be deemed null and void, and at minimum, Buyer shall be entitled to replacement at no cost or refund at any time after such defects are reasonably discovered.

15. WARRANTY

Seller at a minimum warrants that all services, supplies and materials delivered hereunder shall be free from all defects in materials, workmanship and Seller's design and engineering documentation, and shall comply with all the requirements of the Subcontract. The Seller further warrants that the data and documentation provided by Seller or its suppliers shall be complete and accurate, and may be relied upon by Buyer. The warranty shall begin upon acceptance and extend for a period of the manufacturer (as applicable) or Seller's standard warranty period or one year, whichever is longer. If any nonconformity appears within that time, Buyer, in addition to any other rights and remedies

provided by law, or under other provisions of this Subcontract, may require Seller to repair or replace the goods and/or re-perform the services at no increase in price, or to reduce the Subcontract price to reflect the reduced value of the Sellers' performance. When supplies are returned, the Seller shall bear the risk of loss and transportation cost. If Seller fails to replace or repair the goods or re-perform the services within 10 days of Buyer's written notice to do so, Buyer shall have the right by contract or otherwise to replace or repair the goods or re-perform the services, and charge the Seller the cost occasioned thereby.

16. LIMITATION OF LIABILITY

Except as otherwise provided herein, neither Party shall be liable for consequential damages resulting from this Subcontract.

17. INDEMNITY

The Seller shall indemnify, defend, and hold harmless the Board of Trustees of the Leland Stanford Junior University, the Government of the United States, and their respective trustees, contractors, officers, agents, and employees from and against all claims of noncompliance with or violation of applicable laws or regulations, any and all loss, property damage, expense, personal injury, death, or other liability arising out of or related to the performance of the work hereunder by Seller or Seller's agents, provided that such loss is not caused by the gross negligence or willful misconduct of the Buyer. The Seller shall also pay any cost and/or attorneys' fees that may be incurred by any of the above-name indemnities in enforcing this indemnity.

18. CONFIDENTIALITY

- a. Except to the extent required by governing law or necessary to report fraud, waste, or abuse to the Government, Seller, its employees, contractors, and agents shall not reproduce or disclose any information, knowledge, or data of the Buyer that the Seller receives or has access to in connection with this Subcontract when such information, knowledge, or data is marked confidential, proprietary, trade secret, official use only, or is otherwise so expressly designated by the Buyer, the Government, or third-party contractors.
- b. The Seller shall have appropriate agreements or policies with its employees, agents, and lower-tier subcontractors to ensure compliance with this clause.

19. MATERIAL BREACH

In the event that Seller breaches any of its material obligations under this Subcontract, Buyer may provide written notice to Seller specifying the nature of the default, requiring it to cure such breach, and stating its intention to terminate this Agreement if such breach is not cured within thirty (30) days. If such breach is not cured within thirty (30) days after the receipt of such notice and such breach remains uncured, Buyer, in its sole discretion, shall be entitled to terminate the Subcontract, or portions thereof, for cause immediately by written notice to Seller. If Buyer terminates the Subcontract in accordance with the foregoing, Seller shall be responsible for all costs and expenses that Buyer incurs to cure the applicable breach(es) and to complete or replace any unfinished services or deliverables, irrespective of whether Buyer conducts such work itself or through another third party. Nothing in this provision is intended to prevent Buyer from seeking immediate equitable or injunctive relief, or to avail itself of any of the other remedies available to it under this Subcontract or at law.

20. ASSIGNMENT

Neither the Subcontract nor any interest therein nor claim thereunder shall be assigned or transferred by the Seller except as expressly authorized in writing by the Procurement Specialist, provided that the Seller or its assignee's rights to be paid amounts due as a result of performance of the Subcontract may be assigned to a bank, trust company or other financing institution, including any federal lending institution. Payments to an assignee shall be subject to setoff or recoupment for any present or future claims of Buyer against Seller.

21. INDEPENDENT CONTRACTOR

Seller is an independent contractor in all its operations and activities hereunder. The employees used by Seller to perform work under the Subcontract shall be Seller's employees exclusively, without any relation whatsoever to Buyer or its affiliates.

22. PERMITS, LICENSES, AND APPLICABLE LAWS

In performance of the Subcontract, Seller shall, at its own expense, comply with all applicable local, state, and federal laws, orders, rules, regulations, and ordinances. Seller must, at its own expense, have and maintain the license(s) and/or certification(s) appropriate to its trade, issued by the relevant trade association, or regulatory or administrative agency.

23. DISPUTES AND GOVERNING LAW

- a. The parties shall attempt to resolve any dispute, controversy, or claim arising out of or related to this Subcontract in good faith, by direct, informal negotiations. Pending resolution of the dispute, claim, or controversy, the Seller shall proceed diligently with the performance of this Subcontract, in accordance with its terms and conditions.
- b. All disputes under this Subcontract that are not disposed of by mutual agreement may be decided by recourse to an action at law or in

equity.

- c. The parties submit all their disputes arising out of or in connection with this Subcontract to the exclusive jurisdiction of the state or federal courts located in the Northern District of California.
- d. Any substantive issue of law shall be determined in accordance with the body of applicable federal law. If there is no applicable federal law, the law of the State of California shall apply.
- e. Seller shall have appropriate agreements or policies with its employees, agents, and next-tier subcontractors to ensure compliance with this clause.

24. EXPORT CONTROL

- a. Seller agrees that it shall not provide, deliver, or display any information, materials, or products subject to United States export controls, including those subject to the Export Administration Regulations ("EAR") administered by the Commerce Department or the International Traffic in Arms Regulation ("ITAR") administered by the State Department unless it provides written notice of the same at least 20 calendar days prior to the delivery or display to the Procurement Specialist.
- b. If any information, materials, or products delivered are subject to such controls, Seller shall provide applicable export control classification numbers or other information requested by the Buyer to comply with applicable export laws and regulations.

25. CONTRACTS FOR MATERIALS, SUPPLIES, ARTICLES, AND EQUIPMENT

If this Subcontract is for the manufacture or furnishing of materials, supplies, articles, or equipment in an amount which exceeds or may exceed \$15,000.00 and is otherwise subject to the Walsh-Healy Public Contracts Act, as amended (41 U.S. Code 35-45), there are hereby incorporated by reference all representations and stipulations required by said Act and regulations issued thereunder by the Secretary of Labor, such representations and stipulations being subject to all applicable rulings and interpretations of the Secretary of Labor which are now or may hereafter be in effect.

26. TIME IS OF THE ESSENCE

The Seller shall undertake the services hereunder diligently with such forces as the Seller determines are necessary to complete the work of this Subcontract within the times specified in the Subcontract.

27. EXCUSABLE DELAYS

The Seller shall be liable for delays, unless such delays are caused by an occurrence beyond the reasonable control of the Seller and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, flood, pandemics, epidemics, quarantine, restrictions, strikes, unusually severe weather, and delays of common carriers. The Seller shall notify the Buyer in writing as soon as reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give the Buyer written notice of the cessation of such occurrence.

28. PUBLICITY

Seller shall not release any advertising copy or other publicly available information mentioning Buyer or quoting the opinion of any of Buyer's employees. Seller shall not state or imply in advertising or other copy that Buyer, the Government, or their employees endorse in any way Seller's products or services. The Seller and its employees, agents, or contracts shall not use or exploit "Stanford University," "SLAC," or any other trademark or logo owned by the Buyer or the Government, unless necessary to perform the Subcontract and if prior, written approval of Buyer of such use is received by Seller.

29. CLAUSES INCORPORATED BY REFERENCE

The Federal Acquisition Regulation ("FAR") and Department of Energy Acquisition Regulation ("DEAR") clauses listed below, which are located in Chapters 1 and 9, respectively, of Title 48 of the Code of Federal Regulations, are incorporated by this reference as a part of the Subcontract as prescribed below or as prescribed by the clauses' prescriptives. If a condition listed next to the listed clause is inapplicable, then the clause is not incorporated by reference. As used in the clauses, the term "contract" shall mean the Subcontract; the term "Contractor" shall mean the entity ("Subcontractor" or "Seller") who entered into the Subcontract with the Buyer; the term "subcontractor" shall mean the Subcontractor/Seller's subcontractor; and the terms "Government" and "Contracting Officer" shall mean the Buyer, except in FAR clauses 52.227-1, 52.227-3, 52.227-14, and 52.227-19, 52.204-10 in which clauses "Government" shall mean the Government and "Contracting Officer" shall mean the DOE Contracting Officer for Prime Contract DE-AC02-76SF00515 with the Buyer. The Seller shall include the listed clauses in its subcontracts at any tier, to the extent applicable.

Special Article 2: Duty-Free Entry

52.225–8 Duty-Free Entry. As prescribed in 25.1101(e), insert the following clause:

(a) Definition. Customs territory of the United States means the States, the District of Columbia, and Puerto Rico. (b) Except as otherwise approved by the Contracting Officer, the Contractor shall not include in the contract price any amount for duties on supplies specifically identified in the Schedule to be accorded duty-free entry. (c) Except as provided in paragraph (d) of this clause or elsewhere in this contract, the following procedures apply to supplies not identified in the Schedule to be accorded duty-free entry: (1) The Contractor shall notify the Contracting Officer in writing of any purchase of foreign supplies (including, without limitation, raw materials, components, and intermediate assemblies) in excess of **\$15,000** that are to be imported into the customs territory of the United States for delivery to the Government under this contract, either as end products or for incorporation into end products. The Contractor shall furnish the notice to the Contracting Officer at least 20 calendar days before the importation. The notice shall identify the— (i) Foreign supplies; (ii) Estimated amount of duty; and (iii) Country of origin. (2) The Contracting Officer will determine whether any of these supplies should be accorded duty-free entry and will notify the Contractor within 10 calendar days after receipt of the Contractor's notification. (3) Except as otherwise approved by the Contracting Officer, the contract price shall be reduced by (or the allowable cost shall not include)

the amount of duty that would be payable if the supplies were not entered duty-free. (d) The Contractor is not required to provide the notification under paragraph (c) of this clause for purchases of foreign supplies if— (1) The supplies are identical in nature to items purchased by the Contractor or any subcontractor in connection with its commercial business; and (2) Segregation of these supplies to ensure use only on Government contracts containing duty-free entry provisions is not economical or feasible. (e) The Contractor shall claim duty-free entry only for supplies to be delivered to the Government under this contract, either as end products or incorporated into end products, and shall pay duty on supplies, or any portion of them, other than scrap, salvage, or competitive sale authorized by the Contracting Officer, diverted to nongovernmental use. (f) The Government will execute any required duty-free entry certificates for supplies to be accorded duty-free entry and will assist the Contractor in obtaining duty-free entry for these supplies. (g) Shipping documents for supplies to be accorded duty-free entry shall consign the shipments to the contracting agency in care of the Contractor and shall include the— (1) Delivery address of the Contractor (or contracting agency, if appropriate); (2) Government prime contract number; (3) Identification of carrier; (4) Notation “UNITED STATES GOVERNMENT, [agency], Harmonized Tariff Schedules of the United States. Upon arrival of shipment at port of entry, District Director of Customs, please release shipment under 19 CFR part 142 and notify [cognizant contract administration office] for execution of Customs Forms 7501 and 7501-A and any required duty-free entry certificates.”; (5) Gross weight in pounds (if freight is based on space tonnage, state cubic feet in addition to gross shipping weight); and (6) Estimated value in United States dollars. (h) The Contractor shall instruct the foreign supplier to— (1) Consign the shipment as specified in paragraph (g) of this clause; (2) Mark all packages with the words “UNITED STATES GOVERNMENT” and the title of the contracting agency; and (3) Include with the shipment at least two copies of the bill of lading (or other shipping document) for use by the District Director of Customs at the port of entry. (i) The Contractor shall provide written notice to the cognizant contract administration office immediately after notification by the Contracting Officer that duty-free entry will be accorded foreign supplies or, for duty free supplies identified in the Schedule, upon award by the Contractor to the overseas supplier. The notice shall identify the— (1) Foreign supplies; (2) Country of origin; (3) Contract number; and (4) Scheduled delivery date(s). (j) The Contractor shall include the substance of this clause in any subcontract if— (1) Supplies identified in the Schedule to be accorded duty-free entry will be imported into the customs territory of the United States; or (2) Other foreign supplies more than **\$15,000** may be imported into the customs territory of the United States.

25.903(a) – Exempted supplies

(a) Subchapters VIII and X of Chapter 98 of the Harmonized Tariff Schedule of the United States ([19 U.S.C. 1202](#)) list supplies for which exemptions from duty may be obtained when imported into the customs territory of the United States under a Government contract. For certain of these supplies, the contracting agency must certify to the Commissioner of Customs that they are for the purpose stated in the Harmonized Tariff Schedule (see 19 CFR 10.102-104, 10.114, and 10.121 and 15 CFR Part 301 for requirements and formats)

EMPLOYEE-VENDOR RELATIONSHIP CERTIFICATION

An affirmative response in the following certification will require the University to evaluate your offer to determine whether a conflict of interest exists. A determination that a conflict of interest exist may necessitate rejection of your offer. The fact that an employee or former employee of Stanford University, or near relative of an employee owns, controls, or has a significant financial interest in your organization will not, in and of itself, necessarily be cause for rejection of your offer.

DEFINITIONS

Employee: Any individual who is presently employed by any entity of Stanford University, including the Stanford Linear Accelerator Center. **Former Employee:** An individual who has retired or separated from Stanford University, was dismissed, or was otherwise formerly employed by the University.

Near Relative: The employee's spouse, child, parent, brother, sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law of a Stanford University employee, household member, and step-relatives in the same relationship.

Near relative also includes the domestic partner of a university employee and a relative of the domestic partner in one of the foregoing relationships.

Control: Having some right to direct or transfer property (even though there exists no actual title to the property, such as trusteeship, power of appointment, or contract) that could be the basis for influence upon the selection or decisions of an organization's management personnel.

Significant Final Interest: Owning or controlling more than 10 percent of the organization.

CERTIFICATIONS

To the best of my knowledge and belief, an employee or former employee of Stanford University nor a near relative of an employee:

does does not own, control, or have significant financial interest in the Offeror's organization

If an employee or former employee of Stanford University or near relative thereof does own, control, or have significant financial interest in the Offeror's Organization, identify the employees and the Stanford University entity where that person is employed:

Employee Name: _____

Stanford University Entity: _____

TOXIC CHEMICAL RELEASE REPORTING

(Applicable if offer exceeds \$100,000.)

(a) Executive Order 13148, of April 21, 2000, Greening the Government through Leadership in Environmental Management, requires submission of this certification as a prerequisite for subcontract award.

(b) By signing this offer, the Offeror certifies that –

(1) As the owner or operator of facilities that will be used in the performance of this subcontract that are subject to the filing and reporting requirements described in section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11023) and section 6607 of the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13106), the Offeror will file and continue to file for such facilities for the life of the subcontract the Toxic Chemical Release Inventory Form (Form R) as described in sections 313(a) and (g) of EPCRA and section 6607 of PPA; or

(2) None of its owned or operated facilities to be used in the performance of this subcontract is subject to the Form R filing and reporting requirements because each such facility is exempt for at least one of the following reasons: *(Check each block that is applicable.)*

(b) The Offeror shall provide immediate written notice to the University if, at any time prior to subcontract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

3. PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS.

(Applicable if offer exceeds \$150,000.)

- (a) The definitions and prohibitions contained in the Limitation on Payments to Influence Certain Federal Transactions clause, included in this solicitation, are hereby incorporated by reference in paragraph (b) of this certification.
- (b) The Offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that on or after December 23, 1989:
 - (i) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of this subcontract;
 - (ii) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the offeror shall complete and submit, with its offer, 0MB standard form LLL, Disclosure of Lobbying Activities, to the University; and
 - (iii) He or she will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of \$150,000 shall certify and disclose accordingly.
- (c) Submission of this certification and disclosure is a prerequisite for making or entering into this subcontract imposed by Section 1352, Title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

4. ANTI-KICKBACK. (Applicable if offer exceeds \$150,000.)

By submission of this offer, the Offeror certifies that it has not provided, attempted to provide, offered to provide, solicited, accepted, or attempted to accept any kickback; and has not included, directly or indirectly, the amount of any kickback in the offer. "Kickback" means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind that is provided, directly or indirectly, to any Government prime contractor (e.g., the University), prime contractor employee, subcontractor at any tier, or employee of a subcontractor at any tier, for the purpose of improperly obtaining or rewarding favorable treatment in connection with a Government prime contract, or in connection with a subcontract at any tier relating to a Government prime contract.

5. EMPLOYEE-VENDOR RELATIONSHIP CERTIFICATION

An affirmative response in the following certification will require the University to evaluate your offer to determine whether a conflict of interest exists. A determination that conflict of interest exist may necessitate rejection of your offer. The fact that an employee or former employee of Stanford University, or near relative of an employee owns, controls, or has a significant financial interest in your organization will not, in and of itself, necessarily be cause for rejection of your offer.

Definitions:

Employee: Any individual who is presently employed by any entity of Stanford University, including SLAC National Accelerator Laboratory.

Former Employee: An individual who has retired or separated from Stanford University, was dismissed, or was otherwise formerly employed by the University.

Near Relative: The employee's spouse, child, parent, brother, sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law of a Stanford University employee, and step-relatives in the same relationship. Near relative also includes the domestic partner of a University employee and a relative of the domestic partner in one of the foregoing relationships.

Control: Having some right to direct or transfer property (even though there exists no actual title to the property, such as trusteeship, power of appointment, or contract) that could be the basis for influence upon the selection or decisions of an organization's management personnel.

Significant Final Interest: Owning or controlling more than 10 percent of the organization.

To the best of my knowledge and belief, an employee or former employee of Stanford University or a near relative of an employee does does not own, control, or have significant financial interest in the Offeror's organization.

If an employee or former employee of Stanford University or near relative thereof does own, control, or have significant financial interest in the Offeror's Organization, identify the employees and the Stanford University entity where that person is employed:

Employee Name:

Stanford Entity: Stanford University or SLAC National Accelerator Laboratory

Section L – Instructions to Offerors (ITO)

Section L: Instructions to Offerors (ITO) for Firm Fixed Price Subcontract

I. GENERAL INFORMATION

Section L- Instructions to Offerors for Firm Fixed Price Subcontract provides general guidance for preparing proposals as well as specific instructions on the format and content of the proposal. The Offeror's proposal must include all data and information requested by the ITO and must be submitted in accordance with these instructions. The proposal shall be compliant with the requirements as stated in the Statement of Work and Engineering Specification Document. Non-conformance with the instructions provided in this ITO may result in an unfavorable proposal evaluation.

Proposals must be valid for ninety (90) days from the proposal due date. The Offeror shall make a clear statement in its proposal cover letter utilizing the following language, "The undersigned agrees that this offer is valid for ninety (90) days and shall furnish any or all items upon which prices are offered at the price set opposite each item and that will remain valid for one year from the initial award, delivered at the designated point(s), within the time specified in the schedule."

Proposals are due no later than Monday, March 25, 2024 at 5:00pm PST and shall be addressed and e-mailed to the Senior Subcontract Administrator, Lorenza Ladao at lladao@slac.stanford.edu.

Proposals shall be submitted on the forms furnished or copies thereof, and must be manually or electronically signed. If erasures or other changes appear on the forms; the person signing the proposal must initial each erasure or change.

Point of Contact: The Senior Subcontract Administrator, Lorenza Ladao, is the sole point of contact for this acquisition. Address any questions or concerns you may have to the Senior Subcontract Administrator at e-mail: lladao@slac.stanford.edu.

All exchanges of source selection information between the University and Offerors will be controlled by the Senior Subcontract Administrator.

Cost/Price Reasonableness and Realism: Unrealistically low or high proposed costs or prices, initially or subsequently, may be grounds for eliminating a proposal from consideration either on the basis that the Offeror does not understand the requirements, or has made an unrealistic offer. Offers should be sufficiently detailed to demonstrate their reasonableness. The burden of proof for credibility of proposed costs/prices rests with the Offeror. The Offeror's Cost/Price proposal consists of the firm fixed price to deliver the products required as set forth in the solicitation, and must be prepared in a manner that is current, accurate, and responsive to the RFP.

The University intends to award without discussions with respective Offerors. The University, however, reserves the right to conduct discussions if deemed in its best interest.

RFP Section B - Supplies or Services and Price/Costs Offerors are to provide pricing for all of the Line Items requested.

SLAC National Accelerator Laboratory intends to purchase the following Quantities:

SLIN 001 - Seven (7) Deuterium-filled thyratron - Delivery NLT 16 weeks ARO

SLIN 002 - Seven (7) Trigger System Assembly - Delivery NLT 8 weeks ARO

SLIN 003 - Seven (7) Box Assembly - Delivery NLT 16 weeks ARO

Marking of Proprietary/Confidential Information. Offerors shall properly mark and identify with a restrictive legend or information markings on pages of the proposal that contain proprietary/ confidential information.

For Offeror to be eligible for a subcontract award with the University, Offeror shall be registered with the System for Award Management (SAM), the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. There is NO fee to register for this site. Entities may register at no cost directly at the SAM website:

<https://sam.gov/content/home>

The following RFP Sections and Attachments are to be completed, signed and returned with the Offeror's Proposal:

Section B – Supplies/Services and Price/Costs – All prices must be proposed in US Dollars.

Section F - Deliveries or Performance – desired delivery dates are shown on this section. If these dates cannot be met, vendor may propose their delivery dates for SLAC's review and consideration.

Section K - Applicable Representation and Certifications Documentations and Buy American Act Certification.

Attachment L-1 - "Offeror's Technical & Business Proposal Qualification Matrix Checklist"

Attachment L-2- Any questions by the Offerors regarding the solicitation prior to the closing due date shall be submitted to the Procurement Specialist using the form "Attachment L-2, Offeror's Request for Clarifications" attached hereto. ***The last day to submit questions/clarifications is no later than Tuesday, March 19, 2024.***

Also note that the following requirements apply to this procurement and any resultant Purchase Order:

(1) E-Verify as required by FAR 52.222-54, "Employment Eligibility Verification (July 2012) applies to this procurement.

SLAC will not be liable for any expense incurred in preparing any supplier's response nor for any expense for materials or services not funded on this subcontract.

II. PREPARATION OF PROPOSALS

Volume I must contain the following information, but not contain any pricing information. All pricing information shall be submitted in Volume II – Business Proposal. Proposals will be evaluated based on key evaluation factors thereunder.

Volume I – Technical Proposal (35 page maximum)

Cover Sheet

The cover sheet should include:

- Project Title: Deuterium Filled High Energy Thyratrons RFP SLAC_342897(LL)
- Volume I - Technical Proposal,
- Date of submission,
- Subcontractor Name, and
- Contact information

III. Technical Factors

1. Ability to meet technical requirements. The Offeror shall submit a data package that will demonstrate the Offeror's ability to meet technical specifications set out in the Statement of Work and Specifications for Hydrogen Filled High Energy Thyratrons dated 3/17/2021. Hydrogen Gas Accelerator Thyratron Tubes with the following specifications in Table 1 and Table 2:

Table 1. Spec Rating

| Item No | Parameter | Unit | Rating |
|---------|----------------------------|----------------|-----------------|
| A | High Voltage Gap | | 2 (minimum) |
| B | Peak Anode Voltage | kV | 55 (minimum) |
| C | Peak Anode Current | kA | 10 (minimum) |
| D | Average Anode Current | ADC | 8 (minimum) |
| E | RMS Anode Current | ARMS | 215 (minimum) |
| F | Anode Current Rate of Rise | A/microsecond | 2500 (minimum) |
| G | Anode Delay Time | microsecond | 0.4 (maximum) |
| H | Time Jitter | microsecond | 0.020 (maximum) |
| I | Ambient Temp | Celsius Degree | 0~40 |

Table 2. Support Supplies Technical Specifications

| Item No | Parameter | Unit | Nominal | Min | Max |

| T | Reservoir Current at 6.3V | AAC/ADC | 7.0 | 6.0 | 8.0 |
| U | Warm-up Time | min | 10 | - | 30 |

2. Major Milestones and Delivery Date. The Offeror shall submit a schedule - which includes a breakdown of work, procurement of long lead equipment, and activities such as manufacturing, inspection and test - meeting the University's project schedule or an alternate schedule acceptable to the University.

3. **Manufacturing capabilities and capacity (including lower-tier subcontractors).** The Offeror shall submit a plan to demonstrate the Offeror's resources and project management support are adequate to deliver the system on schedule, using a quality controlled manufacturing process. Proposals must demonstrate that the Offeror possesses adequate procurement capabilities, fabrication facilities and testing facilities to execute the subcontract.
4. **Past performance.** The Offeror shall submit documentation of prior manufacturing and test for at least 2 similar/comparable deuterium filled Thyratrons, which meet similar criteria, under similar circumstances and schedule requirements. In particular, the Offeror shall demonstrate the ability to meet the required Hydrogen Filled High Energy Thyratrons. Offerors with no relevant past or present performance history and/or no metrology instrumentation to measure the mirror characteristics shall receive the rating "Technically Unacceptable".

Volume II – Business Proposal

Cover Sheet

The cover sheet should include:

- RFP Title: Deuterium Filled High Energy Thyratrons RFP SLAC_342897(LL)
- Volume II - Business Proposal,
- Date of submission,
- Subcontractor Name, and
- Contact information

IV. Business Factors

Clearly stamp all company financial documents as "*Business Sensitive*", if applicable, on any included documents.

5. Price

- Submit RFP Section B with firm-fixed prices for each line item.
- Provide a Published Price List to determine that prices offered is fair and reasonable. If there are no price list available, vendor shall provide a Price Reasonability Certification supported by a redacted invoices of the two most recent sales of similar electron spectrometer. Refer to attached "Sample A" attached for reference or guidance.

6. Financial Standing. Dun and Bradstreet and/or other credit rating report will be used to determine the financial stability of the vendor. Note that SLAC has an access to D&B reports.

7. Proposal Documentation

- Offeror shall complete and submit all required documents as stated in Section L.
- Acknowledgement of issued addendums, if any.

V. METHOD OF TRANSMISSION/ORGANIZATION/NUMBER OF COPIES/PAGE LIMITS:

Proposals shall be submitted via e-mail as PDF documents to the Procurement Specialist, Lorenza Ladao at lladao@SLAC.stanford.edu. Hard copies are not required unless the Offeror has no alternative method. The Offeror shall ensure the Business Proposal shall be a separate document than the Technical Proposal. The two (2) proposals shall not be combined. The acceptable methods of hard copy transmission are hand delivery, common courier, or U.S. Postal Service. The Offeror shall prepare the proposal as set forth in the Proposal Organization Table. The titles and contents of the volumes shall be as defined in this table, all of which shall be within the required page limits and with the number of copies as specified. The contents of each proposal volume are described in the ITO paragraph as noted in the table below.

Proposal Organization Table:

| Volume | ITO Section | Volume Title | Copies | Page Limit |
|--------|-------------|--------------------|--------|------------|
| I | 2 | Technical Proposal | 1 | 35 |
| II | 2 | Business Proposal | 1 | None |

VI. LATE PROPOSALS AND MODIFICATIONS:

Proposals and Modifications thereof received at the office designated in the Request for Proposals after the due date and time is "late" and will not be considered unless they are received before award is made; and either:

- (1) If it was transmitted through an *electronic commerce* method authorized by the *solicitation*, it was received at the initial point of entry at SLAC infrastructure not later than 5:00 p.m. one working *day* prior to the date specified for receipt of proposals; or
- (2) There is acceptable evidence to establish that it was received at SLAC installation designated for receipt of offers and was under SLAC's control prior to the *time* set for receipt of offers.

VII. WITHDRAWALS OF PROPOSALS

Proposals may be withdrawn by written original letter or email, addressed as instructed for the proposal, and received from the Offerors prior to award.

VIII. AMENDMENT

The right is reserved, as the interests of SLAC may require, to revise or amend the solicitation documents and drawings prior to the due date set for submission of proposals. Such revisions and amendments, if any, will be announced on an "Amendment of Solicitation/Subcontract Modification" form. Copies of such amendment as may be issued will be furnished to all prospective Offerors. If the revisions and amendments are of a nature which requires material changes in quantities or proposal prices or both, the date set for submission of proposals may be postponed by such number of days, as in the opinion of SLAC will enable the Offerors to develop their proposals. In such case, the Amendment of Solicitation/Subcontract Modification form will include an announcement of the new due date for receipt of proposals.

IX. EXPLANATION TO OFFERORS

Any explanation desired by an Offeror regarding the meaning or interpretation of the Request for Proposal, drawings, specifications, etc., must be requested in writing and with sufficient time allowed for a reply to reach the Offeror before the due date for submission of proposals. Oral clarification of requirements or instructions provided by SLAC before the award of the Subcontract will not be binding. Questions containing Offeror's non-proprietary information and corresponding clarifications will be shared with all Offerors.

X. TAXES

Attention of Offerors and their prospective Sub-subcontractors is directed to the Article titled "Tax & Buyer Exemption," of the General Terms and Conditions and to the California State Board of Equalization Regulations relating to sales of machinery and equipment for delivery under construction contracts with the United States government. However, responsibility for determination of the applicability of California State Board of Equalization Regulations shall rest solely with the Offeror, and no representation or guarantee either expressed or implied is made by the Government or SLAC hereunder as to the application thereof. SLAC will not reimburse Offeror for taxes as a separate line item.

XI. SPECIFIED PRODUCT AVAILABILITY

Where the Technical Specifications, Statement of Work, or Drawings list a specific product, the Offerors may assume that the product is commercially available; however, availability within the required performance period may require payment, by the successful Subcontractor at no additional cost to SLAC, of premiums for expediting production or shipment. The Offerors are cautioned to confirm not only product prices but costs associated with timely acquisition of the product as required to meet performance period

requirements. The Offerors are required to notify the University Procurement Specialist prior to the proposal due date of any obvious product unavailability.

XII. SPECIFIED PRODUCT OR METHOD COMPATIBILITY

Where the Technical Specifications, Statement of Work, or Drawings list a specific product or method, the Offerors may assume that the product or method is compatible with other requirements of the Subcontract. The Offerors are required to notify the University Procurement Specialist prior to the date set for receipt of proposals of any obvious incompatibility between a specified product or method and other requirements of the Subcontract.

XIII. EXCEPTIONS TO UNIVERSITY'S STANDARD TERMS AND CONDITIONS, PROVISIONS, AND/OR CLAUSES

Offeror must identify any exceptions to SLAC terms and conditions or exceptions to any other element of the requirements that are a part of this RFP, with their proposal. SLAC will not entertain any exceptions not identified in the proposal submission. Exceptions taken may be cause for rejection of a proposal. Inclusion of any assumptions, clarifications, exclusions, or conditions may be cause for rejection of the proposal as non-responsive.

SUPPLY CHAIN MANAGEMENT

Section M – Evaluation Factors for Award

I. BASIS FOR AWARD

A. This is a Lowest Price Technically Acceptable source selection. By submission of its offer, the Offeror accedes to all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements. All technically acceptable offers will be treated equally except for their prices. The subcontract will be awarded on the basis of the lowest evaluated price proposals meeting the acceptability standards for non-cost factors. Failure to meet a requirement may result in an offer being determined technically unacceptable. Offerors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. The evaluation process shall proceed as follows:

Offeror is cautioned to submit sufficient information and in the format specified in Section L. Offeror may be asked to clarify certain aspects of their proposal. Communication conducted to resolve minor or clerical errors will not constitute discussions and the procurement specialist reserves the right to award a contract without the opportunity for proposal revision.

The University intends to award without discussions with respective Offerors. The University, however, reserves the right to conduct discussions if deemed in its best interest.

The University intends to purchase the following which meets the requirements of the RFP Section C Specifications Document, for Deuterium-Filled Gas Thyratron Tubes with Trigger System Assembly and Box Assembly dated March 4, 2024.”

- (1) SLIN 001 - Seven (7) Deuterium-filled thyratron - Delivery NLT 16 weeks ARO
- (2) SLIN 002 - Seven (7) Trigger System Assembly - Delivery NLT 8 weeks ARO
- (3) SLIN 003 - Seven (7) Box Assembly - Delivery NLT 16 weeks ARO

B. Rejection of Unrealistic Offers

The University may reject any proposal that is evaluated to be unrealistic in terms of program commitments, contract terms and conditions, or unrealistically high or low in cost when compared to the University's estimates, such that the proposal is deemed to reflect an inherent lack of competence or failure to comprehend the complexity and risks of the program.

C. Correction Potential of Proposals

The University will consider, throughout the evaluation, the “correction potential” of any deficiency or uncertainty. The judgment of such “correction potential” is within the sole discretion of the University. If an aspect of an Offeror's proposal does not meet the University's requirements and is not considered correctable, the Offeror may be eliminated.

II. EVALUATION FACTORS

Key evaluation factors are listed for selecting a Subcontractor.

Technical Factors

- Ability to meet technical requirements.** The Offeror's data package will be evaluated to confirm that it demonstrates the supplier's ability to manufacture the required Hydrogen-filled Thyratrons meeting the technical specifications set out in the Statement of Work. The data package shall include the following items for evaluation, sub-factors A through U:

Table 1. Spec Rating

| Item No | Parameter | Unit | Rating |
|---------|----------------------------|----------------|-----------------|
| A | High Voltage Gap | | 2 (minimum) |
| B | Peak Anode Voltage | kV | 55 (minimum) |
| C | Peak Anode Current | kA | 10 (minimum) |
| D | Average Anode Current | ADC | 8 (minimum) |
| E | RMS Anode Current | ARMS | 215 (minimum) |
| F | Anode Current Rate of Rise | A/microsecond | 2500 (minimum) |
| G | Anode Delay Time | microsecond | 0.4 (maximum) |
| H | Time Jitter | microsecond | 0.020 (maximum) |
| I | Ambient Temp | Celsius Degree | 0~40 |

Table 2. Support Supplies Technical Specifications

| Item No | Parameter | Unit | Nominal | Min | Max |

| T | Reservoir Current at 6.3V | AAC/ADC | 7.0 | 6.0 | 8.0 |
| U | Warm-up Time | min | 10 | - | 30 |

- Major Milestones and Delivery Date.** The Offeror will be evaluated on how its submitted schedule - which includes a breakdown of work, manufacturing, procurement of long lead equipment, and activities such as inspection and test - meets the University's project schedule for final delivery.
- Manufacturing capabilities and capacity (including lower-tier subcontractors).** The Offeror's plan will be evaluated to confirm the Offeror's planned resources and project management support are adequate to deliver the Mirrors on schedule, using a quality controlled manufacturing process. The plan must also demonstrate that the Offeror possesses adequate procurement capabilities, fabrication facilities and testing facilities to execute the subcontract.
- Past performance.** The Offeror will be evaluated based on their submittals and their ability to plan and execute the manufacture of similar/comparable deuterium filled thyratrons that meet criteria for similar projects, under similar circumstances and schedule requirements. The Offeror's past performance will be evaluated based on information provided by either past customers (at least from three different institutions) or recent (3 years) metrology results on similar thyratrons. Offerors with no relevant past or present performance history shall receive the rating "Technically Unacceptable".

Business Factors

5. **Price.** Offeror's price proposals will be evaluated as set forth below:
 - RFP Section B (Supplies or Services and Prices) will be reviewed for its completeness, reasonableness, and realism.
 - Proposed price will be evaluated against SLAC's cost estimate and/or Published Price List or from 2 recent similar sales from redacted invoices as provided with the proposal.
6. **Financial Standing.** Dun and Bradstreet report will be evaluated to determine if the firm's risk, liens, claims, and credit rating are between low and moderate for each category.
7. **Contractual documentation.** The Offeror's contractual documentation will be evaluated based on its completeness and the complete submission of all the required documents, including acknowledgment of issued addendums. Where the RFP includes a SLAC form for submission of data, the Offeror shall use that form for submitting the required data, as appropriate.

III. EVALUATION METHOD

The evaluation will analyze each Offeror's qualifications to perform under the subcontract, and how those qualifications will be utilized during subcontract performance.

All technical proposals will be evaluated utilizing a technical rating based on "Technically Acceptable" or "Technically Unacceptable". Additionally, each "Technically Unacceptable" rating will include a descriptive statement or comment that will provide a written rationale to identify deficiencies in the proposal responses.

Technical Evaluation:

| | |
|---------------------------|---|
| Meets Requirements | <u>Acceptable Overall Proposal.</u> The proposal satisfies all of the University's requirements with sufficient detail to indicate feasibility of the approach and shows a thorough understanding of the processes and capabilities required to complete the requirements with an overall low degree of risk to the University. |
| Doesn't Meet Requirements | <u>Unacceptable Overall Proposal.</u> The proposal does not satisfy all of the University's requirements or contains insufficient detail to indicate feasibility of approach, shows minimal understanding of the project, contains major error(s), omissions(s) or deficiency(ies) or involves a moderate to high risk. |

Price Evaluation:

This is a Lowest Price Technically Acceptable (LPTA) source selection, and the price proposals will be ranked according to price and meeting all technical criteria of this RFP. Prices will be evaluated for to determine if they are unrealistically high or low in comparison to SLAC's cost estimate and other offers received.

IV. Debriefings

Debriefings will be done at the request of any Offeror wishing to understand the reasons for the University's selection. The discussion shall not include comparisons with the other proposals and will not include the value or total cost of the winning proposal. The discussion may include an explanation of the evaluation of significant elements in the Offeror's proposal, summary of the rationale for eliminating the Offeror from the competition, and will assure the Offeror that its proposal was treated fairly, impartially and objectively. The Purchasing Officer will conduct debriefing(s).
